

TABLES MANUELLES RELDA

General

The RELDA range includes:

- 3 models of cutting table: 210 X 330 cm - 150 X 250 cm - 100 X 180 cm.
- 1 work table for the use of portable machines.

The frame is made of steel tube and angle, covered with metallic paint. The top of the cutting tables is made of chipboard trimmed with black felt.

RELDA 150 x 250 TILTING CUTTING TABLE WITH WOODEN FRAME.

DIMENSIONS

In the working position:

Length: 250 cm

Width: 150 cm

Height: 91 cm

Weight: 180 kg

DESCRIPTION

Double ribbed wooden box with 190mm thick hardwood exotic wood frame.

Locking is possible in 2 positions: horizontal or tilted at 70°.

This last position can provide appreciable services for the installation/removal of large glass volumes.

The table is mounted on 4 wheels, equipped with a locking system.

The platform is locked and unlocked using steel cables such as "bicycle brakes".

The table is equipped with 5 plug-in cleats made of hardwood, to keep the glass in the vertical position (70°).
